## Standard equipment

front panel and plinth, wooden base – colour selectable (IGLOO colour chart)

small and thin wooden side panels – different colors available (IGLOO pattern book)

glass side panels or combined glass divider for multiplexable devices

curved front glass openable

internal frame painted silver or gold (IGLOO pattern book)

glass display shelf on the rack with adjustable height and suspension angle

bottom shelf made of stainless steel

upper interior lighting + additional illumination of each shelf – LED lights (confectionery color)

socket

single electrical outlet

## Options

the device without the wooden sides adapted for serial connection (mod)

additional base plinth – different colors available (IGLOO pattern book)

additional front panel – different colors available (IGLOO pattern book)

additional side panels – different colors available (IGLOO pattern book)

additional thin side panels – different colors available (IGLOO pattern book)

internal frame made of stainless steel for 0.6 model

internal frame made of stainless steel for 0.9 model

internal frame made of stainless steel for 1.3 model
